

# QUEBEC ONLINE ALLIANCE

Coordinated by 

September 29th, 2021.

Dear Parents and Guardians of the Quebec Online Alliance (QOA),

Firstly, thank you for reaching out to me today. I spoke and communicated with a great number of concerned parents today. Unfortunately, I haven't reached everyone yet but I am working on getting everyone on board. I am asking again for your patience as we sort some of these log-in issues out. We are having a variety of issues, but this was expected since we are using "Guest" and home tenet log ins. We have many students loaded in and I have no doubt that everyone will be in their class shortly. Teachers and the entire team have been working tirelessly to file through and receive log in information from the students. We will be up and running soon.

Next, it is very important that we touch base with every student tomorrow. We need to check in and check needs. Please click on the link for your child's grade level at the appropriate start time. **No Teams log in is necessary**- just click the link.
